Position Yourself to Make a Real Difference

Now is Our Time. We've never been more needed or better prepared to demonstrate just how powerful OD theory and practice can be. Out of tough, uncertain, fast-changing times, opportunities emerge for organizations with skilled OD practitioners.

This is the time when organizations emerge stronger, fitter and more prepared than before to move forward. Or, they weaken, lose direction and face critical junctures.

"I really enjoyed the OD Conference. It was a mix of cutting edge and practicality. I really enjoyed the blend of people and networking."

The 2009 Conference Keynote Speakers who will show you how to make a greater difference than ever before.
